CS1 – Task 6 (External Perspective)

Prof. Dr. Jürgen Vogel (juergen.vogel@bfh.ch)

Prof. Urs Künzler (urs.kuenzler@bfh.ch)

CS1 Task 6: External Perspective

1. Based on the requirements specification document from Task 4 try to elaborate a **context model** showing the boundary of your sub-system of the MHC-PMS and other external systems needed to implement your system requirements.
2. Based on the context model and the requirements specification document, elaborate also a **high level activity diagram** showing the interaction and thereby the interfaces with external systems. Use the notation of activity partitions to depict the responsibility of your sub-system and external systems.

This task will not be evaluated.
